Thomas Jefferson University

BACHELOR OF SCIENCE

Biology
Arizona State University

EXPERIENCE

Merck / PRA - West Point, Pennsylvania

Senior Clinical Supply Manager - Global Clinical Supply Operations

Oct 2016 - Present

- Led tactical purchasing with annual spend of \$1.5M. Aligned inter-connected departments to maximize efficiency.
- Extensive vendor and client management experience.
- Effectively utilized protocol information to develop and support packaging/labeling design and global distribution strategy.

Clinical Supply Manager - Global Clinical Supply Operations

Jan 2015 - Oct 2016

- Managed the design and set-up of clinical supplies in accordance with the contract and trial protocol.
- Performed inventory checks and manage inventory levels and cycle count at the vendor yearly on assigned study.
- Served as the regular contact person between our clients (internal and external) and multilingual vendors to obtain translation of clinical trial related materials.

Pharmaceutical Product Development (PPD) - Wayne, Pennsylvania

Associate Scientist - Cell Based Assays

Aug 2013 - Nov 2014

- Executed immunological assays for the development of a meningococcal B vaccine to help protect adolescents and young adults against a difficult to diagnose and often deadly disease.
- Performed a serum bactericidal activity (SBA) assay to measure antibody-dependent, complement-mediated bactericidal activity of human sera against *Neisseria meningitidis* serogroup B.
- Performed image acquisition and colony counting of assay plates on a CTL Immunospot Analyzer.

Associate Scientist - Sample Processing

Sep 2012 - Aug 2013

- Identified and corrected \$10,000 departmental profit leak due to process inefficiencies.
- Performed tissue digestion of formalin-fixed paraffin embedded biopsy thinsections for DNA isolation.
- Maintained calibration/expiry schedule for equipment and reagents used in the laboratory.

Sample Coordinator - Sample Processing

Jan 2012 - Sep 2012

- Managed time effectively to complete assignments in expected time frame with high attention to detail and precision.
- Performed well in a team environment as well as independently to meet demanding timelines and workloads while being able to adapt to changing priorities.

Clear Align - Eagleville, Pennsylvania

Associate Engineer - Aerospace & Defense

Sep 2010 - Jun 2011

- Responsible for Inspection and testing of military grade optics in cleanroom and laboratory environments using interferometer, measurement microscope, and spectrophotometer.
